CARLSBAD PD PARTICIPATES IN HANDS FREE ENFORCEMENT EFFORT

CARLSBAD, Calif. – On Wednesday, Nov. 17, the City of Carlsbad Police Department is joining other San Diego County law enforcement agencies for a "zero-tolerance" campaign against drivers violating the "hands free" cell phone law. With inattentive drivers being one of the leading factors in accidents and the use of cell phones contributing significantly, this joint enforcement effort intends to send a strong message: "HANDS FREE – IT'S THE LAW."

Officers working regular shift will concentrate on cell phone citations for the day and to report the number of citations they issued to their shift supervisor.
