Agenda item #8 Resuming in person meetings post Covid 19

Dear Councilmembers,

Carlsbad should be leading the way to resume in person meetings and encouraging citizen participation and hopefully improving council efficiency and communication with each other and citizens. Please return to normal as rapidly as possible to lead the way and encourage participation.

Agenda item #9 Dead Heritage Trees

Dear Councilmembers,

I requested some discussion of making use of our mature Heritage Trees, especially in Carlsbad Village, and no one seems willing to discuss or negotiate without City Manager or City Council direction.

I am interfering with maintenance in removal of the body and grinding up before the viewing or the wake.

I suggest carving the balance of this particular, over 120 year old stump into a circular bench, which is located on the same block as a public bus stop at a cost of about $3,000. Bumps would separate about 8 seats to make sleeping uncomfortable. A sign would indicate history and age and this bench can be removed after 2-5 years if not performing well or it is deemed a nuisance.
