Leon S. Hollingsworth. *Leon S. Hollingsworth Genealogical Card File*. 3 microfilm rolls. Atlanta, GA: R. J. Taylor, Jr. Foundation, 1979. GEN MICROFILM 975.8 D2 HOL

This is a microfilm edition of a card file compiled by Leon S. Hollingsworth. The card file

consists of some 45,000 cards on which are recorded names of many thousands of persons, together with genealogical data gleaned from a multitude of original sources – wills, administrations, deeds, marriage records, Bible records and numerous other kinds of materials. Since the vast majority of the notations indicate records sources, the potential usefulness of the file to genealogical researchers cannot be fully estimated.

The card file is based on Mr. Hollingsworth's research for clients from all over the United States. The emphasis of the research is in Maryland, Virginia, North Carolina, South Carolina, Georgia, Tennessee, and Alabama. The cards are arranged alphabetically by surname. Within a surname, the names are not in alphabetical order.

- Roll 1: surnames Aaron through Harralson
- Roll 2 surnames Harrell through Simkins
- Roll 3 surnames Simmons through Zubly
