

Summer Camps at Leo Carrillo Ranch

Leo Carrillo Ranch Historic Park is a unique setting to learn and play. This summer, the City of Carlsbad is offering half-day summer camps for all interests. Enjoy a fun, memorable week among the tranquil beauty of Carrillo Ranch.

Archaeology Adventures

Calling all future archaeologists! Join us for a week of hands-on discovery and investigation. Campers ages 7 to 11 will analyze artifacts, maps, rock art, historic symbols, learn archaeological ethics and experience a simulated excavation.

Squiggles and Giggles

Campers ages 5 to 8 will create exciting art treasures sparkled, feathered, fiery or friendly, to bring their own "critters" to life! Professional artist, Diana Stein, will guide campers every step of the way.

Arts-trava-ganza

Artists will work in teams and individually, to take the fun meter way up! Professional artist, Diana Stein, will guide campers ages 9 to 16 as they draw, action-paint and sculpt.

Cooking at Carrillo Ranch

Campers ages 9 to 12 will prepare tasty foods including enchiladas, chilaquiles and corn tortillas cooked out on the grill. On Friday, campers invite a guest to the fiesta, prepared and hosted by them! Cookbook included!

Radical Reptiles and Friends

Join us for an introduction to live animals including reptiles, amphibians, arachnids, insects and more! Campers ages 5 to 11 will have a hands-on experience enhanced by art, games and projects related to these animals.

Sewing Camp

Campers ages 7 to 12 will learn how to thread machines; sew, finish and iron seams; and how to add closures (snaps, buttons, zippers, ties) to projects. More experienced campers may choose to learn how to cut from a pattern and make a simple garment.

Leo Carrillo Ranch is a rustic park. All campers should wear close-toed shoes and sunscreen and bring lunch and a bottle of water with them each day. Register or find out more information at www.carlsbadconnect.org.
