Subject: Homeless Resolution

Tomorrow night at 6p.m. the city council will consider a resolution regarding the homeless issue among other matters. It is time for the city to address a matter that has existed for years. The current policy has been to ignore this matter and leave it to someone else. If the city council fails to adopt this resolution it is just continuing the policy of ignoring a problem rather than addressing it head on and developing a pro-active approach to a complicated and broad problem. Whether it is because to do anything positive would encourage more homeless to come to Carlsbad or because the expense is uncalled for, there are always reasons to do nothing. I choose to view this matter as one of who We are as a community, what We stand for and how We respond to issues that face us. We can do this! I hope the city council will include, as part of the resolution, provisions for public restrooms in the Village area and hand sanitation stations, not only for homeless use but also for visitors to the Village, both residents and tourists. To this end I am asking all of you to contact the city council and support the adoption of the resolution on the Homeless Issue by contacting the city council at council@carlsbadca.gov. Thank you.

Simon Angel
