**Subject:** Agenda item 11- Non Toxic Carlsbad 12-5-17

I would like this email to be on the public record concerning agenda item 11 for the city council meeting on 12-5-2017. I would like to thank Chris and Kyle of the Parks and Rec department, for working so diligently to assess the alternatives available to Carlsbad, in regards to Integrated Pest Management (IPM). Now that CUSD has officially committed to moving toward organic alternatives, this would be an excellent time for our city to join forces and create a healthier environment for all of our children and residents. We have seen how a viable and sustainable program can work ( Non Toxic Irvine) and we have the responsibility to make our community as safe as possible for our families, (including our pets),and visitors that make their way to Carlsbad. The council has an opportunity to make Carlsbad safer by adopting option 3A of the staff report.

Respectfully,  
Meg Beauchamp
