Salutations to the Mayor and Council Members,

As a 40 year resident of Carlsbad who has seen the Growth Management Plan in action, I would urge you all to take an official position against SB50, Scott Weiner's senate bill which would literally destroy our Growth Management Plan. As many of you know, I have been researching the Housing and development past and future, studying the Housing Element and mandates laid out by the State of California.

We have a proven plan that works; we have an affordable (inclusionary) housing ordinance and Carlsbad is a proven visionary while providing a reasonable plan for the future. As we approach buildout, we will need to carefully consider our housing issues along with a careful placement of affordable housing in our city without succumbing to generalized state actions which mostly affect Northern California not Carlsbad.

Hopefully we will not lose our own local control, which allows us to continue us to have such a great city.

Please, I hope, all of you will vote to voice an objection to SB50.

Thank you,  
Kris Wright
