Re: **Additional Material/Information Regarding Staff Report Item #8 – Status Report on Homeless Response Plan and Homeless Outreach Efforts**

On page 13 of Exhibit 1 of the Staff Report for agenda item #8, Status Report on Homeless Response Plan and Homeless Outreach Efforts, it is stated that there were 532 arrests in 2018 and 182 arrests year to date for 2019 for involuntary psychiatric holds for homeless or transients in Carlsbad. The correct numbers should be 31 arrests in 2018 and 9 arrests year-to-date in 2019 for involuntary psychiatric holds for homeless or transients in Carlsbad. This is determined by the arrestees listing "homeless, transient, or none" in the home address section of the crime report. The original numbers reported reflect the total number of arrests for psychiatric holds, not just transients or homeless.
