Dear Carlsbad City Council,

Mayor Matt Hall  
Mayor Pro Tem Priya Bhat Patel  
Council Member Keith Blackburn  
Council Member Cori Schumacher  
Council Member Barbara Hamilton

The "5 BIG MOVES"

The infrastructure for the 78, 67, 52 is still not completed. 66% of the funding has been siphoned off into mass transit to try to improve the ineffective system and improve ridership of 3% to 10%. The incompleteness and prioritization of projects is a safety issue for our communities. 14 of 15 projects promised are still not completed.

This new direction and redirection of the TransNet funding was not voted by the people. It was allocated for needed infrastructure for our region. This should not be reallocated in this new plan!

SANDAG's new Director; Hasan Ikhata's idea is to stop the plans for HWY upgrades altogether and use the monies for mass transit. His interpretation is a bold new transportation vision in 5 BIG MOVES building a transportation system for the San Diego Region.

We voters do not want or will not use this rapid transportation vision. We voted to complete the freeway infrastructure.

Please vote with the people!

Sincerely,

Niki Coates
