I. GENERAL BACKGROUND

A. Estimated Cost of Development:

Development costing \$60,000 or more does not qualify as a Minor Coastal Development Permit. The City Planner shall make the final determination regarding a project's cost of development.

The primary basis for determining cost of development will be the application of dollar costs per square foot for different types of residential construction. These costs are set by the International Conference of Building Officials (ICBO) and are applied throughout San Diego County.

Please complete the following information to assist in the determination of this project's cost of development (*Contractor proposals may also be submitted for consideration by the City Planner*). Please refer to the current fee schedule for the appropriate \$/square foot fee rate.

- ⇒ **New Residential Square Footage:**
_____ square feet x \$ _____ /sq. ft. = \$ _____
- ⇒ **Residential Addition Square Footage:**
_____ square feet x \$ _____ /sq. ft. = \$ _____
- ⇒ **Any Garage Square Footage:**
_____ square feet x \$ _____ /sq. ft. = \$ _____
- ⇒ **Residential Conversion Square Footage:**
_____ square feet x \$ _____ /sq. ft. = \$ _____
- ⇒ Please contact the City of Carlsbad Building Division for current fee rate for Non-Residential uses (i.e. Retail/Store; Restaurants; Office; and Manufacturing/Warehouse uses.)
_____ square feet x \$ _____ /sq. ft. = \$ _____
