

Safety Training Center

This multi-faceted, state-of-the-art training facility spans a 4-acre campus which includes two indoor ranges for rifle and pistol qualifications, a 4-story commercial live fire burn prop with rappelling stations and residential live fire burn prop with backyard and cul-de-sac. Also onsite is a use-of force simulation room, two large training classrooms, one small meeting room, a motor vehicle extrication area, a confined space training area, and a streetscape with various breaching doors for tactical scenarios. The facility has a large, concrete training area to accommodate parking and motorcycle or emergency vehicle operator courses.

Capabilities

- One 25-yard range with action targets
- One 100-yard range with action targets
- Two classrooms (capacity is 48 per classroom) equipped with full A/V package
